

NATIONAL CAREGIVERS CONFERENCE

Technology: The Future of Caregiving

Information Sheet

When: Tuesday, October 26, 2010

Where: The Renaissance Woodbridge Hotel, Iselin, NJ

Who will attend: Professional and family caregivers who tend to individuals with developmental disabilities and chronic illness.

Conference Topics: The 2010 conference will focus on technology and its implications for caregiving. Workshops will address recent advancements in technologies, adapting your home for a loved one with a disability, coping with the stress of caregiving and much more. The exhibit hall will feature caregiver friendly vendors and cutting edge product demonstrations.

Keynote Speaker: John Crowley recently featured in the major 2010 motion picture *Extraordinary Measures* will serve as the keynote presenter. The movie chronicles Mr. Crowley's journey as he becomes the CEO of a biotechnology start up in hopes of finding a new experimental treatment after his two youngest children were diagnosed with Pompe Disease. Mr. Crowley currently serves as President & CEO of Amicus Therapeutics, Inc.
